

# PLEASE JOIN LSHSA FOR AN EVENING SOCIAL!

The Learning Services Home and School Association (LSHSA) is a group of parents whose children receive special education services from the Ridgewood School District, including classified and 504 students. We act as a liaison between the Special Ed Community and the District Special Programs Staff. The LSHSA provides support and education for parents and students who would like to network, socialize and fundraise within the Special Ed community.
