Twinney Pond Park

**SUNDAY, DECEMBER 6, 2015,
FROM 1:00 - 3:00 P.M. RAIN OR SHINE**

THE CONSERVANCY FOR RIDGEWOOD PUBLIC LANDS and THE RIDGEWOOD WILDSCAPE ASSOCIATION are teaming up with Jean Epiphan, Ecologist, of Rutgers, The State University of New Jersey, to restore Twinney Pond Park.

Please wear sturdy shoes, work gloves, and bring a shovel.

Twinney Pond Park is located at the end of Red Birch Court, off of East Glen Avenue, opposite Benjamin Franklin Middle School.

Twinney Pond Park is a kettle pond, only filled with rain water. By removing invasive plants and re-establishing native plants, the pond will become more beautiful and attractive to the natural wildlife.
