

We would like to thank all students who completed awesome projects for the science fair this year. It was a pleasure to see how intelligent and creative our young Ridge ladies and gentlemen truly are. We would also like to especially thank the following parents for their time, patience and spirit walking the students through the fair. It was great to see the parents and teachers questioning and answering the kids at all of the various projects submitted. It was also so amazing to have so much help with set up, check in and clean up. Ridge is truly a very special community. Best Regards, Hilary Wallace and Ji Kim

Special thanks to:
